APPO 2000 (80/60)*		YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES						YES	YES

AHMO = Advantage HMO
APPO = Advantage PPO

1. Please find the HMO or AHMO plan design the group would like to offer along the top of the chart.
2. Next, find the PPO or APPO plan design that the group would like to offer alongside the HMO/AHMO plan on the lefthand side of the chart.
3. Find the box that connects the two plan designs. If the box states "YES," then that Dual Option combination is available.
4. When offering an HRA dual option (HRA AHMO/HRA APPO) funding for both plans must be the same percentage.

5. The employer must have and maintain a minimum of 10 eligible employees and Tufts Health Plan must be the sole carrier. For employers that have and maintain 5 to 9 eligible employees, an HMO/PPO dual option is available, but only active employees located outside of the Service Area may enroll in the PPO.
- * The PHCS network is not available with these plans.
