

HMO BASIC SUMMARY OF BENEFITS

With Tufts Health Plan's HMO (health maintenance organization) plan, you enjoy quality coverage for your health care needs.

In general, preventive and medically necessary health care services and supplies are covered when they are provided or authorized by your network primary care provider (PCP).

As an HMO member:

- You must choose a PCP from the Tufts Health Plan network of providers.
- In most cases, your PCP must provide or authorize (provide a referral for) your care.
- You pay the applicable copayment at the time you receive covered health care services. There are annual maximums on the number and amount of copayments you pay for day surgery and inpatient care. Please check this benefit summary for more information.
- You pay coinsurance for durable medical equipment. Coinsurance is a percentage of the covered medical costs you are responsible for paying.

HMO members do not need a PCP referral for certain types of covered services, including:

- Emergency care in an emergency room or a provider's office
- Maternity care and medically necessary evaluations and related health care services for acute/emergency gynecologic conditions, when these services are provided by an obstetrician, gynecologist, certified nurse midwife, or family practitioner in the Tufts Health Plan network
- Routine gynecologic exams and any medically necessary OB/GYN follow-up care resulting from that exam, when obtained from a provider in the Tufts Health Plan network
- Mammography screening, when obtained from a provider in the Tufts Health Plan network

Prescription Drug Coverage	For up to a 30-day supply at a participating retail pharmacy	For up to a 90-day supply through our mail order service
