

PPO BASIC

SUMMARY OF BENEFITS

Tufts Health Plan's preferred provider organization (PPO) plan covers preventive and medically necessary health care services and supplies.

As a PPO member:

- You are not required to choose a primary care provider (PCP).
- You can seek covered health care services from most licensed providers in or out of the Tufts Health Plan network.
- No referrals are needed.
- You can choose between two levels of coverage:
 - Coverage at the in-network level of benefits,** a higher level of benefits, when you receive care from a provider in the Tufts Health Plan network. You pay a copayment when you receive covered health care services at the in-network level of benefits. You pay coinsurance for durable medical equipment when using an in-network provider. Coinsurance is a percentage of the covered medical costs you are responsible for paying.

- Coverage at the out-of-network level of benefits,** when you receive care from a provider who is not in the Tufts Health Plan network. When you receive care at the out-of-network level of benefits, you pay a deductible and then coinsurance until you reach your out-of-pocket maximum. Once you reach your out-of-pocket maximum, you are covered in full up to the reasonable charge for all out-of-network covered services for the remainder of the plan year. You may also be responsible for paying any difference between what the plan covers and what the out-of-network provider charges for a service. You may need to submit a claim form for each covered service you receive.
 - A deductible is the amount you must first pay out of pocket before any coverage is available at the out-of-network level of benefits.
 - You must then pay coinsurance for these services until you reach the plan's out-of-pocket maximum.
 - The deductible and out-of-pocket maximum for this plan are listed on this benefit summary.

Any emergency medical care you may need is covered at the in-network level of benefits.

Prescription Drug Coverage	For up to a 30-day supply at a participating retail pharmacy	For up to a 90-day supply through our mail order service
Tier 1	\$10	\$20
